Autodesk
AutoCAD® 2008
Maintenance Update Available
Autodesk has analyzed the error report you submitted. While we have not yet determined the resolution to the error, we have determined that the latest maintenance update has not yet been installed for your product.
We recommend that you install this maintenance update, or contact your system administrator.
AutoCAD (R) 2006 Service Pack 1 (8.625 MB)
Readme
Note: You must have administrative permissions to install updates. For more information about the update, see the Readme file provided.
If you provide your email to us, we will notify you when a resolution is available.
